Hi Rob: I would say yes. Based on the intel I received, Item D "Rideau and William" is being reconsidered by the authorities. Jerseys are there. We were told to wait and go have lunch.

As for upcoming requests: Nic2 BG received "The mission moving forward will be to push west along Wellington and secure the north feeder streets with fencing". But before telling you more, I need to chat with Nic 2 BG on how to make this happen. My gang are less and less able to assist.

It ok with you, Nic2 BG and I will discuss and will provide clarity as soon as we can. Hope this helps.

Good morning colleagues: in anticipation of our 9am call, please find our latest update as of 7:55. Will get next update around 8:45.

1. 1. PSPC team started to gather 25 large jersey barriers (13 feet) and 8 small jersey barriers (6 feet) around 10pm on Feb 18.
2. 2. PSPC completed delivery of 15 jersey barriers to 3 intersections (A+B+C below).
3. 3. PSPC secured "brackets" from Moduloc.
 - a. a. Rideau and Wellington: jersey barriers installed. Fence installation in progress.
 - b. b. Sussex and George: jersey barriers installed.
 - c. c. Colonel by and Daly: jersey barriers in progress.
 - d. d. Rideau and William:
 - e. e. McKenzie and Rideau: MAY NOT BE REQUIRED.

As expected, this is a massive undertaking. The PSPC team worked all night and will continue until completion.

PSPC team reassured us that they are safe and do not feel any pressure for their safety.

Hello Nic and team!

As discussed, we would like to proceed with the following installation:

1. 1. Have jersey barriers delivered and installed overnight (tonight)
2. 2. Have the 8x10 fence panels delivered overnight (tonight)
3. 3. Installation of the panels on the jersey barriers will start as of about 6-6:30am tomorrow (Saturday) morning.

Prior to installation, please contact the NCRCC (number below). Indicate that the call is related to the jersey barrier/fence installation. Someone from the Public Order Unit will be on site to ensure the installations are completed at the proper location and exact placement.

Sites (listed in priority)

1. 1. Rideau and Wellington (please install on the west side of the foot path)
2. 2. Sussex and George
3. 3. Colonel by and Daly
4. 4. Rideau and William
5. 5. **McKenzie and Rideau (NEW) ~20 metres**

If any issues are encountered with deliveries tonight, please contact the NCRCC:

- * s.37 (line for Ottawa Police Services 2nd in command)
- * (Alternate number)

Let me know what type of paperwork (9200?) might be required to cover this request.

Please allow to me extend my sincere appreciation for helping with this matter. These installations will go a LONG way in continuing the police efforts during this situation and we are all so grateful. Thank you!

Christine

Hi Lisa,

We have put together a crew for this evening and access to a few thousand feet of fencing. Early in the morning (@5:30am) we have another crew available and 15,000 feet+ of fencing available to install.

Do you have any further information on implementation plan?

Thanks - Rob

Can you confirm if installation is required or only acquisition and delivery. My understanding is that we are talking about 20,000 linear feet of fencing. Is that accurate?

Hi Larry! It was nice talking to you ! I received a call from the ROCC in regards to having fencing installed downtown in the zone and they referred to the one that PPS had.. We were asked to look into where PPS obtained the fencing.

We (RCMP) will reach out to Rob Wright Associate Assistant Deputy Minister at PSPC

Thanks!
